Education

[2015 - 2019]: **Bachelor of IT at Danang University of Education**

- Students, member, secretary the school's executive committee.
- Learn the basics of algorithms, logic, office and more.
- Most of the soft skills I have.

Open Source

Node.js

- Pictshare for js: https://www.npmjs.com/package/pictshare
- And more: https://git.f97.xyz

Bash

- SurVPS: https://github.com/f97/survps.git or https://git.f97.xyz/f97/survps.git

*Basic knowledge of **C**, **Java** and more... :)))*

Extra Section

- Human Languages:

  - Vietnamese *(native speaker)*
  - English *(Basic for listening and speaking but quite good for writing and reading)*

- Fact

  - There are many hobbies (table tennis, taking pictures, image ditor, read manga, read light novel, writing poems, writing stories ...).
  - I have used almost all linux distros on distrowatch with 4 years of experience in using linux. (Now, I'm using MacOS on Macbook and Ubuntu server with XFCE desktop environments on Raspberry Pi 4 and Hackintosh on ITX PC)
  - I used to be the secretary of the faculty, the president of the club when I was a student at the university.

Wakapi Week Stats

● TypeScript - 8 hrs 50 mins	● Markdown - 3 hrs 57 mins
● JSON - 2 hrs 17 mins	● JavaScript - 1 hrs 36 mins
● YAML - 0 hrs 43 mins	● unknown - 0 hrs 22 mins
● PHP - 0 hrs 11 mins	● Bash - 0 hrs 2 mins

*Note: This page is automatically generated by [CV.md](CV.md) and **Github Action**, I hope it will not have bugs when run :)))*
